

Permit Identification Guide

The type of permit you need to apply for varies depending on the works you're carrying out, and the location of the works site. Use the guide below to help you in the application process. If you're still unsure, please contact Council either by email at works@bawbawshire.vic.gov.au or by calling 56242411 for further information.

If you're installing a crossover, you will need a Driveway Access Permit.

If you want to modify your nature strip with plants for example, you will need a Nature Strip Modification Permit.

Civil type works require a Works Within a Road Reserve Permit.

Works on private properties require an Asset Protection Permit if you are building a house, installing a shed or pool or undertaking large scale landscaping works.
