and Wellbeing Survey**

# Baw Baw Health and Wellbeing Survey

## Project Summary

Council wants to hear from people in Baw Baw to understand what we need to do, to build a healthier and happier community. A short survey is available for people to complete.

The survey results will be used to help develop a four-year health and wellbeing plan. Council is leading this work with the support of many other organisations that also care about better health and wellbeing in Baw Baw. The *Baw Baw Public Health and Wellbeing Plan* will focus on promoting good health and preventing avoidable disease and injury. It will be presented to Council late in 2017.

People in Baw Baw have important ideas about what we can do to build healthier communities. We would like to hear about what you think we need in our communities.

The *Baw Baw Public Health and Wellbeing Plan* will set out our shared community-wide priorities from 2017-21.

# Baw Baw Health and Wellbeing Survey

## Purpose

To hear from the community about their perspectives on promoting health and wellbeing in Baw Baw communities, that will support the development of the *Baw Baw Public Health and Wellbeing Plan 2017-21*.

To meet Council's statutory requirement to engage with the community in developing and delivering its Public Health and Wellbeing Plan.

## Background

Your views and opinions will help Council develop the *Baw Baw Public Health and Wellbeing Plan 2017-21*.

This plan is about promoting good long-term health for everyone, and lowering the risk of poor health outcomes. It sets out what Council and other partners will do to make our environments, and the systems that we use, healthier and better for us.

We'd love to hear what you think about staying healthy or improving public health in Baw Baw.

## Benefits of the project

If a good plan is developed with lots of community input, we will build a good four-year roadmap to improving public health in Baw Baw and be confident that there is widespread community support.

## Project Impacts

The objectives of the *Baw Baw Public Health and Wellbeing Plan 2017-21* will be in place for four years. It is essential to the success of the plan that voices of people and partnering organisations are represented. We want to work together for positive changes that improve public health.

## Timeline

Submissions and comment on this proposal will be open until **5pm on Wednesday 26 July 2017**. We'd love to hear what you think.

## After consultation closes

Once the consultation on *Baw Baw Public Health and Wellbeing Plan 2017-21* has closed on Wednesday 19 July 2017, Council will consider the responses received. They will publish the draft *Baw Baw Public Health and Wellbeing Plan 2017-21* on the Have your Say Baw Baw website.

Everybody who contributes to the consultation will be contacted with the outcomes from the process (if you elect to).
